Information contained in this report was supplied by handlers of walnuts, raisins and prunes to fulfill reporting requirements of Sections 55601.7 and 55601.8 of the Food and Agricultural Code. The report includes all tonnages of walnuts, raisins and prunes that were either produced by the handler or purchased from producers. Final weighted average price, including bonuses and allowances, has been reported for all contracts which were finalized.

All 2001 crop transactions completed through the close of business on August 31, 2002 are included in this report. A "good faith" estimate of final weighted average price was reported for those contracts which were not final on the same date. The data are shown by major varieties at the State level only.
